2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 3(c) Other:

The Applicant is thanked for the Amendment filed 23 January 2008. However, a non-compliant matter has been discovered in the aforementioned response, requiring attention before examination may continue.

C.F.R. § 1.121(d) requires, "One or more application drawings shall be amended in the following manner: Any changes to an application drawing must be in compliance with § 1.84 and must be submitted on a replacement sheet of drawings which shall be an attachment to the amendment document and, in the top margin, labeled 'Replacement Sheet.' Any replacement sheet of drawings shall include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is amended. Any new sheet of drawings containing an additional figure must be labeled in the top margin as 'New Sheet.' All changes to the drawings shall be explained, in detail, in either the drawing amendment or remarks section of the amendment paper."

The Amendment filed 23 January 2008 at least improperly removes reference character "200d" from Figure 3 without explaining this change in either the drawing amendment or remarks section of the amendment paper (see Pages 10, 12, and 13 of the Amendment filed 23 January 2008).

The Applicant is respectfully encouraged to explain, in detail, in either the drawing amendment or remarks section of the amendment paper all changes to the drawings, as required by C.F.R. § 1.121.

By such reasoning, this Notice of Non-Compliance is deemed necessary and proper at this time.

Please note: The amendments have not been checked to the extent necessary to determine the presence of all possible non-compliance errors. If additional issues of non-compliance are discovered at the time of a subsequent amendment, yet another Notice of Non-Compliant Amendment will be necessitated. Applicant's cooperation is requested in correcting any other errors of which Applicant may become aware.
